UNFINISHED BUSINESS

Midwifery Bills/APN Bills

David Mangler, Division Director, addressed the Board and provided an update on House Bill 70 – the Midwifery Bill. Mr. Mangler outlined the changes that have been made to the Bill over the past 6 months including the Division's request to add language addressing emergency temporary suspensions as well as provisions to address the handling of patient records in the event that the midwife ceases practice. Mr. Mangler explained the Division had a lot of involvement with the construction and framework of the Bill so if it passes, it will fit appropriately as an advisory committee under the Board of Medical Licensure and Discipline. Mr. Mangler added that House Bill 69 concerning telemedicine/telehealth affects 2 titles in Delaware including Title 18 as well as many professions under Title 24 including nursing. Mr. Mangler explained telemedicine/telehealth definitions were added to RN/LPN language, but not to the APN language. Mr. Mangler requested the sponsor also add the language to the APN section and it will be included as an amendment.

Michelle Scott

Dr. Zickafoose reported that Ms. Scott declined her opportunity to a hearing before the Board and requested that her application for APN licensure be withdrawn. Dr. Zickafoose explained that she has withdrawn her application as requested.

SB 57 and Draft Practice Bill

Dr. Zickafoose provided Board members with copies of the draft bills. She explained that the language in Senate Bill 57 has been submitted to the legislature to move forward. She reviewed a line that was removed at the request of the Medical Society of Delaware (MSD) concerning the Advanced Practice Nurse being the primary provider of record. She noted the primary sponsors of SB 57 are Senator Bethany Hall-Long and Representative Barbieri.

Dr. Zickafoose provided an overview of the changes to the draft Consensus Model bill. She reminded the Board the MSD had previously offered suggested revisions to the bill adding language regarding team-based care. The APN committee reviewed the suggestions of the MSD and included some of their recommended language in the draft bill including the definition of consultation. Dr. Zickafoose noted one major change was concerning the Joint Practice Committee. The committee agreed the former Joint Practice Committee will be called the Advanced Practice Registered Nurse Committee and will be an advisory committee in nature. The composition of the committee will remain the same with two physicians appointed by Board of Medical Licensure and one pharmacist appointed by the Board of Pharmacy.

Dr. Zickafoose stated she recently attended the Board of Medical Licensure and Discipline meeting on behalf of Mr. Mangler to inform them of the Board's draft bills and obtain input and feedback. She explained many of the questions asked surrounded the elimination of the Collaborative Agreement, prescriptive authority and scope of practice. She emphasized that another benefit to this legislation is that APN's must practice and prescribe within their role and population. This is an issue that the Board has discussed as it related to Family Nurse Practitioners (FNPs) working in psychiatric settings.

Board members shared their opinions on the draft bills and agreed they were happy with the changes that have been made. The Board agreed that many concerns regarding the bill relate to a general lack of familiarity with the role of APNs. Dr. Zickafoose encouraged Board members to contact their local legislators and educate them about the APN role.

Dr. Devereaux expressed concern over FNPs working in psychiatric care and wondered if the Board needs to take a different approach in dealing with this matter. The Board discussed alternatives to handle the issue. Ms. Singh explained that outreach on matters such as this are often best communicated through professional trade associations. Board members expressed other avenues where the dialogue needs to take place such as within the educational programs as well as the employment facilities.

COMMITTEE REPORTS

APN Committee

Dr. Williams reported the APN committee met on March 30, 2015. She explained the majority of the meeting was focused on discussion of pending legislation. Dr. Williams shared that she and Dr. Zickafoose participated in a NCSBN conference call with the Minnesota Board of Nursing Executive Director. Minnesota recently passed Consensus Model legislation. Dr. Williams explained the question was asked of MN whether there was any team based language in their bill and the answer was "no," concluding that team based care was a model and perhaps not something to be established through regulation. The next committee meeting is April 27, 2015 in Dover.

AWSAM Committee

Ms. Tyranski reported the AWSAM committee met on March 24, 2015. They have been working on completing the finishing touches on the frequently asked questions list. Ms. Tyranski stated the draft of the LLAM bill was approved and was submitted to a potential sponsor. Ms. Tyranski shared a topic that

came up at the meeting was the effect medical marijuana would have on LLAM. It was noted that it is still considered illegal and members agreed to include a rule that only FDA approved drugs can be administered by LLAM trained Unlicensed Assistive Personnel. The next committee meeting will be held June 2, 2015 in Dover.

PRESIDENT'S REPORT

Dr. Contino wished all Board members a happy Nurse's Day, which is recognized the first week of May. He shared with the Board his experience at the NCSBN's Mid-Year meeting that he recently attended with Ms. Tyranski and Dr. Zickafoose. He reported he will be attending the special delegate assembly meeting on May 4th regarding the new compact agreement.

EXECUTIVE DIRECTOR'S REPORT

Dr. Zickafoose explained that the majority of her time recently was focused on legislation and committee meetings. The Rules and Regulations committee will be meeting on April 20, 2015. They will be looking into improvements for the supervised practice plan. She expressed enthusiasm with the upcoming vote on the new compact agreement and reminded the Board of the terms of the new compact agreement. Dr. Zickafoose shared a presentation of interest at the Mid-Year meeting focused on telehealth and the use of electronic stethoscopes.

Dr. Zickafoose reported the May license renewals are currently underway and the audit notices for those nurses in the February renewal group will be generated and mailed in the beginning of May. She is also currently in the process of visiting the various nursing schools to review the licensure process and Board regulations with the upcoming graduates. She will be traveling to Chicago for the NCSBN's Leadership Succession Committee. This committee will vet the candidates for the NCSBN's Board of Directors.

Adam Czerwinski

Dr. Zickafoose informed the Board that Mr. Czerwinski was compliant with his disciplinary sanctions and his probation has been lifted and his license restored to active multi-state status.

Wendy Gleason

Dr. Zickafoose reported that she received a letter from the Pennsylvania Nurse Peer Assistance Program (PNAP) stating that Ms. Gleason is no longer in their program and her case has been closed with PNAP due to noncompliance. Dr. Zickafoose read aloud the letter received from PNAP. Ms. Gleason's Pennsylvania RN license has been suspended. Ms. Gleason's monitoring agreement with the DPHMP states she would be automatically suspended for failure to participate with PNAP. Ms. Singh advised the Board that Ms. Gleason's Board Order states that any violation of the terms of her order, including noncompliance with PNAP, will result in the immediate conversion from probation to suspension of her license. Mr. Sanders made a motion to enact the Board's previous order to suspend Ms. Gleason's license for non-compliance with the terms of her order, seconded by Mr. Brown. Mr. Salati made a motion to grant Ms. Jester a hearing before the Board to consider her request, seconded by Dr. Devereaux. The motion carried unanimously.

Ellen Neff

Dr. Zickafoose reported Ms. Neff submitted a reinstatement application for her RN license. Ms. Neff's RN and APN license in Delaware are currently suspended; however the period of suspension of her RN license is complete. Dr. Zickafoose explained that due to the way Ms. Neff's Board Order was written it

was unclear if Ms. Neff needed to have a hearing before the Board to lift suspension of her RN license and place the license on probation. The Board discussed if there was a statutory requirement that would necessitate a hearing to lift suspension of Ms. Neff's license and place the license on probation, as it was not specified in the Order. Ms. Singh advised the Board that a hearing was not required. Mr. Salati made a motion to grant Ms. Neff the furtherance of her existing discipline without a formal hearing, seconded by Mr. Brown. The motion passed unanimously.

Darah Brewington

Dr. Zickafoose explained Ms. Brewington's Hearing Officer Recommendation was reviewed in January 2015 and a Board Order signed February 6, 2015. Board members discussed Ms. Logan's request. Dr. Devereaux made a motion to remove the narcotic restriction on Ms. Logan's probation with notification to her employer, seconded by Ms. Nellius. The motion passed by majority with Mr. Sanders opposed and Mr. Salati recusing.

Dr. Zickafoose explained Ms. Souder's license was suspended immediately following the Board's July 2013 meeting; however her Board Order was not signed until 3 months later, in October 2013. Ms. Souder is requesting the 3 months prior to the Board Order being signed be counted towards her 2 years of suspension. Ms. Singh reviewed the terms Ms. Souder's Board Order. After Board discussion, Ms. Moses made a motion to grant Ms. Souder a hearing before the Board to lift suspension in July, seconded by Ms. Darling. By unanimous vote, the motion carried.
